

DM-493

DEPUTIES' MEETING

Friday, 6 July 1956

PRESENT: Mr. Dulles, General Cabell, Mr. Wisner, Mr. Amory,
Col. White, [REDACTED]

25X1A9a

25X1A9a

Mr. Dulles:

b. Asked DD/P to advise selected field stations to re-double their efforts in attempted penetrations of the Communist Party in light of the Poznan riots and other recent developments.

c. Referred to an article in the Washington Star of 5 July respecting a survey of the Jet Stream being conducted by the US and noted that the results of such a survey should they be published, would be of a great deal of interest to the Russians and asked General Cabell to discuss this with the appropriate people in the Air Force. Mr. Wisner commented we might well make use of this survey in our "forward planning activities".

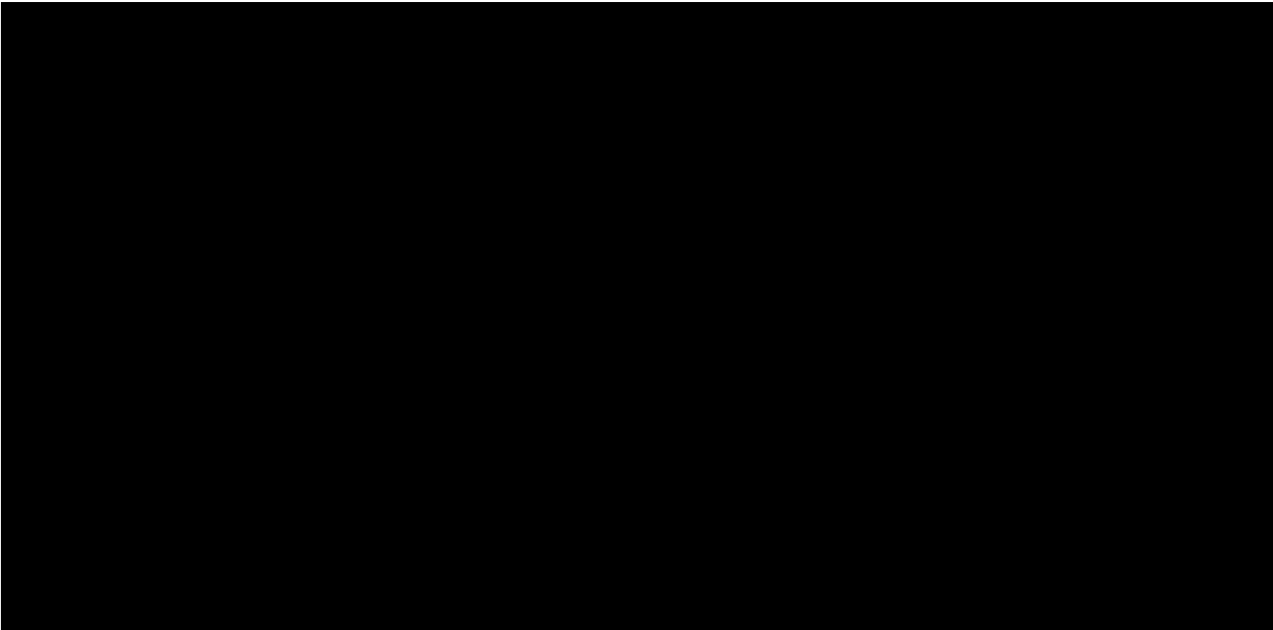

d. Referred to an article by Marguerite Higgins published on 12 June and indicated if CIA had made an analysis of the information contained therein he would like to see it. Mr. Wisner said he thought [REDACTED] had done this and undertook to have him forward it to the Director.

25X1A9a

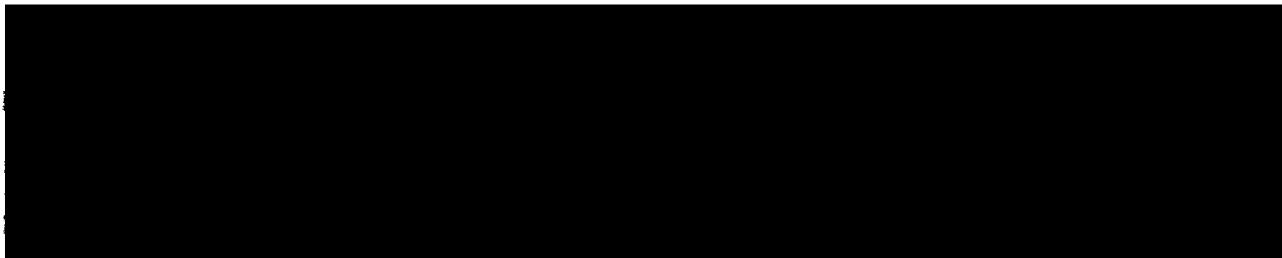

e. Noted he had read DDI's memorandum on Canadian plans for increased intelligence coverage of the Arctic and asked [REDACTED] to remind him to take up US coverage of this area in an executive session of a future IAC meeting.

25X1A9a

25X1A12

Mr. Wisner:

b. In connection with the Director's conversation yesterday with General Erskine regarding Cambodia, suggested that the Director might wish to steer Defense into placing this matter before the OCB. The Director commented this was a good idea and asked [redacted] to remind him to do this at the next OCB meeting.

25X1A9a

Colonel White:

Reported that with the necessity of assigning additional communicators to [redacted] the Office of Communications has just about reached the breaking point both at headquarters and at some field stations. He urged all those present to take appropriate action to reduce cable traffic to an absolute minimum.

25X1A9a

Mr. Amory:

Noted that a briefing is being held at 2:00 next Friday for Brig. Gen. Richard Collins who is Adm. Layton's successor and asked General Cabell if he would be willing to kick it off. General Cabell indicated that he would.
